What they say...

"We booked this hotel last minute for a night out of London and have to say everything exceeded expectations. The hotel was rated at 3 Star accommodation but everything from presentation, customer service and food were of 5 star quality. We like to travel around the country and Europe for weekend getaways or short holidays and this had to be one of my favourite in recent memory. Dover is beautiful and at White Cliffs you completely get the quaint, excellence that makes England such an exciting, diverse place to be! Thanks for a great stay!"
